MASTERS AT WORK

Metabo New Cordless Drill/Drivers

Extremely high performance, compact size and significantly reduced weight.
»TIME IS MONEY. QUALITY PAYS DIVIDENDS. FOR THAT I NEED GOOD TOOLS.«
Tradesmen have to be able to rely on their machines. When a device fails during a hard working day on the

building site, valuable time is wasted. We understand that time is money so we have designed our tools to perform and last, tools that won't let you down. Our engineers know what is required to deliver a tool that can cope with your needs.
